

Japan Internship Program

Information Seminar

DATE: October 11, 2019

TIME: 12:00 – 1:00pm

LOCATION: Dabney Lounge

Caltech's summer Japan Internship Program (JIP) places students in a 10-week internship with a major corporation. This program are for students who already have a basic understanding of the Japanese culture and language, and who have a desire to learn more. Some suitable options for this program are: Chemical Engineering, Computer Science, Electrical Engineering, Information and Data Science, Mechanical Engineering, and Physics.

The information seminar will provide an overview of the program and last year's participants will give a presentation on their experiences. Please attend this seminar to learn more! Lunch will be provided!

RSVP REQUIRED. Deadline: October 4, 2019
